All that's left to do is to count down the days until your culinary experience begins!

Our Private Chef service includes everything necessary to enjoy the experience, from the customization of a menu to the purchase of ingredients, the mise en place prior to the service, the preparation of the menu, the complete table service, and lastly, the set up and cleaning of the kitchen and the spaces used during the experience.

Chef Luca gives the utmost importance to the freshness of the ingredients used in the menus. Cooking is an act of love and the opportunity to create unforgettable moments by making each meal an enjoyable sharing time. We create with passion to nourish not only your body but also your mind and spirit.

The best and most original experiences are those that surprise you from the very beginning and don't stop until the end. These are the moments that make the best memories. It's with that mindset that we offer a completely personalized service, show cooking, gastronomic advice, and the chance to understand how the dishes on your menu are made.
